Kolibri Beteiligung relocates company headquarters to Cologne – strengthening the business location and bundling business areas / Stronger together – Kolibri bundles forces in the Cologne business location

Cologne, August 29, 2025. Kolibri Beteiligung GmbH has relocated its headquarters from Kleinmachnow to Cologne and is now based in Cologne/Porz.

With the relocation to Cologne, Kolibri Beteiligung GmbH is reaffirming its strategic growth course and at the same time taking advantage of the favorable economic conditions at the new location. Cologne is one of Germany's leading business locations, particularly in the media and logistics sectors, and offers a dynamic environment for the sustainable development of growth-oriented companies.

The centralization of the business divisions at the Cologne location has a positive effect on all of the group's investments. It enables closer networking between the subsidiaries, promotes synergies between the business models, and ensures more efficient management of the entire group. This will pool resources, accelerate decision-making processes, and lay the foundation for further investment and long-term competitiveness.

By choosing Cologne as its new headquarters, Kolibri Beteiligung GmbH is setting the course for the successful further development of its investments and laying the foundation for an even stronger market position in a constantly changing environment.
